

ALFAMARINE 78 - M/Y NINA

24m (79'), CAPACITY: 12 (day), 7 (sleeping)

ALFAMARINE 78 - M/Y NINA

Alfamarine 78 - M/Y Nina

Alfamarine 78 is the evolution of the open, the synthesis of 25 years of motor-yacht building experience in the shipyard. The slender, spirited design, typical of the great Mediterranean opens, captures and stirs you at first sight. The performance is rousing: with the most powerful engines, three 1800 hp Caterpillars with Arneson surface propellers, it can reach maximum speeds of 50 knots and a cruising speed of 45.

Many are the innovative solutions adopted. The electric hard-top allows you to totally enjoy the light and the air. The panoramic living room below is perfectly air conditioned and has large windows and is separated from the cockpit by a sliding steel door. The hydraulically operated stern door gives access to the spacious garage which can house a tender of 3.50 m. and an aquascooter. The kitchen has a crew entrance and the sleeping area is completely separated from the service areas in order to guarantee maximum privacy for guests.
